Century Ponds Construction Update

Feb. 27, 2025

Construction Anticipated to begin Week of March 16

Construction activity will begin soon at the project site. In the coming weeks, residents and visitors can expect to see crews mobilizing, equipment arriving, and early construction activities underway. Initial work will include tree clearing and site demolition to prepare the area for upcoming infrastructure and development work.

Additional updates, including construction schedules and anticipated impacts, will be shared as work progresses.
